## Illinois Community Inclusion Teams Improving Inclusive Opportunities in Early Childhood

### Collinsville CUSD 10

Partnered with Head Start to provide embedded Special Education services via an itinerant teacher provided by the LEA.

Collinsville Community Inclusion Team Indicators

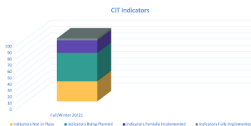

### Mannheim D 83

Initiated a collaboration with a neighboring LEA within the same Special Education Cooperative to increase fidelity to inclusive practices and explore expanding services into community settings.

Mannheim Community Indicators

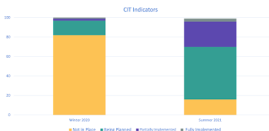

### Springfield D 186

Developed a comprehensive Leadership Team with cross-agency participation to increase inclusive opportunities for all children.

Springfield Community Inclusion Team Indicators

# Preschool Environments Data

All the communities have worked to improve Preschool Environments Indicator 6 of the ISBE Part B State Performance Plan which is the percent of children aged three through five with Individual Education Programs (IEPs) attending a:

- A. Regular early childhood program and receiving the majority of special education and related services in the Regular Early Childhood Program, and
- B. Separate special education class, separate school or residential facility.

This means increasing inclusive classroom opportunities for all the young children and decreasing self contained placements. The data reflected below show the percentage of children reporting in each categories and the trend of improvement in each area.

## Indicator 6A

Percent of children attending a regular early childhood program with special education and related services

School Years				
Community	2018-2019	2019-2020	2020-2021	Data Trends
Collinsville	50.44	50.82	51.39	
Mannheim	63.79	73.77	79.63	
Springfield	8.47	19.56	31.28	

6A: desired change: increase

The desired direction of change for these data would be represented by a percentage increase.

## Indicator 6B

Percent of children attending a separate special education class

School Years				
Community	2018-2019	2019-2020	2020-2021	Data Trends
Collinsville	21.24	18.03	37.5	
Mannheim	24.14	21.31	20.37	
Springfield	43.43	41.33	31.72	

6B: desired change: decrease

The desired direction of change for these data would be represented by a percentage decrease.
