

Illinois Inclusive Classroom Profile

Reliability & Coaching

Reliability Training in Illinois

4 days of observations to reach interrater reliability. An average of 85% agreement within one scale point across 3 observations.

Early CHOICES will offer one or two times each school year to do reliability training

Available for state technical assistance providers from STAR NET, ECPL and Early CHOICES

Assessors agree to support ICP Community of Practice (COP) for PD Providers by maintaining membership and periodic facilitation of group

Recertification in Illinois

2 days of observations every 3 years with an average of 85% agreement within one scale point across 2 observations.

Individually scheduled with Early CHOICES

Using the ICP for Coaching

Pre-requisite: Previous training/work with PBC (e.g. Head Start) or Practice Based Coaching (PBC) training- join annual training for implementation sites, or PBC modules

ICP teaching observation with Early CHOICES (working on creating virtual option)

To remain up to date agrees to attend PBC COP or ICP COP for PD providers- facilitated by all reliable assessors so the work is shared

Professional Development for District Leaders

Prerequisite: DEC Recommended Practice COP (or some other related pre-work)

ICP overview full day presented by anyone who has achieved reliability
