

Join us for a 3-part series with **Dr. Erin Barton**

Inclusion of Young Children with Autism

April 3, 2023 April 17, 2023 May 1, 2023

4:00 - 5:30pm

sponsored by Early CHOICES and Illinois STAR NET

Each workshop will provide strategies to support the inclusion of individuals with autism spectrum disorders and other developmental disabilities in preschool.

April 3, 2023 Part 1:

Rationale, Myths and Quality Instruction

Participants will learn the rationale for inclusion for children with autism and dispel myths related to inclusion. Participants will also explore the links between the indicators of high quality inclusion and effective instruction.

April 17, 2023 Part 2:

ABA, Learning Cycles and Goals

Participants will learn effective classroom practices to teach the entire learning cycle and how this relates to Applied Behavior Analysis (ABA) principles.

May 1, 2023 Part 3:

Embedding Instruction

Participants will learn effective classroom practices to embed instruction throughout the routine of the day.

Erin E. Barton, PhD, BCBA-D, is an Associate Professor in the Department of Special Education at Vanderbilt University. She is a former special education teacher and currently teaches graduate-level courses on evidence-based assessment and intervention practices for young children with disabilities and single case research design. She is a Board Certified Behavior Analyst and directs research projects related to evidence-based practices for young children, policies and practices that support high quality inclusion, and effective professional development systems. Dr. Barton is an active scholar with over 100 publications in major journals, multiple chapters, and several textbooks related to evidence-based practices.
